

Identify broad groupings, define working groups and their mandates, eg.

Friday, 4 October 2019 09:30 (30 minutes)

- § High energy experiments
- § Favour physics experiments
- § Future collider opportunities
- § Theoretical particle physics
- § Accelerator R&D
- § Computation for particle physics
- § Astro-particle and neutrino physics
- § Accelerators for health/medical
- § Light sources

Session Classification: Particle Physics Road-map / Strategic Plan
