

AOFSRR 2015 in conjunction with User Meeting 2015

Thursday, 26 November 2015

Techniques I - NCSS Seminar Room (14:15 - 15:45)

-Conveners: Tetsuya Ishikawa

time	[id] title	presenter
14:15	[118] Live cell nano-imaging free from radiation damage by using X-ray free-electron laser	Prof. NISHINO, Yoshinori
14:45	[114] Three dimensional visualization of nanoscale structure: High contrast X-ray nanotomographic imaging at Pohang Light Source II	Dr LEE, Sangsul
15:05	[25] DCM characterization of material micro-structures with multi-energy synchrotron X-ray CT	Dr YANG, Sam
15:25	[60] New developments at the XFM beamline: Get more from your research, for free	Dr JONES, Michael
