

AOFSRR 2015 in conjunction with User Meeting 2015

Wednesday, 25 November 2015

Biological Systems - NCSS Seminar Room (11:00 - 12:30)

-Conveners: Victor Streltsov

time	[id] title	presenter
11:00	[77] XFM mapping of elemental distributions in brain stem sections from multiple sclerosis patients using the BioMaia detector	Dr MAK, Rachel
11:30	[169] Amyloid Fibril Morphology: Relevance to Disease and Materials Science	Dr REYNOLDS, Nicholas
11:50	[80] Synchrotron FTIR microspectroscopy coupled with Principal Component Analysis shows evidence for the cellular bystander effect	Dr BAMBERY, Keith R
12:10	[175] Single Contact ATR Mapping of Soft Materials by Synchrotron FTIR	Dr TOBIN, Mark
