Session 10 - Chemistry, Catalysis and Soft Matter (10:00 - 11:50)

time	[id] title	presenter
10:00	[281] Protein-Lipid interactions and protein structures in multi-component systems	VAN 'T HAG, Leonie
10:30	[216] Cubosomes for the Delivery of Biopharmaceuticals	CONN, Charlotte
10:50	[183] Pulling Milk Lipids Apart and Putting Them Back Together Again – A Self-assembly Approach	CLULOW, Andrew
11:10	[229] Fluctuation x-ray scattering of self-assembled lipids, colloidal particles and liquids	MARTIN, Andrew
11:30	[244] Separating Macro- and Nano-structural Effects in Intensity Correlation Measurements of Self-assembled Lipid Materials	Dr BINNS, Jack
