

Australian Synchrotron

Friday, 20 November 2020

Session 11 - Advanced Materials and Hard Matter (10:00 - 11:50)

time	[id] title	presenter
10:00	[286] Energy Dispersive X-ray Diffraction for In-Situ and Operando Characterization of Electrochemical Energy Storage Systems	MARSCHILOK, Amy
10:30	[207] Materials And Interfacial Design For Advanced Potassium Ion Storage	ZHANG, Wenchao
10:50	[178] Visualisation of the rapid Cu ₆ Sn ₅ lithium-ion battery anode fabrication process via real-time X-ray imaging	TAN, Xin Fu
11:10	[241] Using the Pair Angle Distribution Function for Analysing Protein Structure.	ADAMS, Patrick
11:30	[237] Data evaluation on the fly: Auto-Rickshaw at the MX beamlines of the Australian Synchrotron	Dr PANJIKAR, Santosh
