Session Program

Nov 20 – 21, 2014

Australian Synchrotron
USER MEETING 2014
20 – 21 November
National Centre for Synchrotron Science

User Meeting 2014

Surface Science

National Centre for Synchrotron Science
Australian Synchrotron 800 Blackburn Road Clayton VIC 3168

Thu, November 20

1:30 PM

Surface Science

Session | **Location:** NCSS Seminar Room | **Convener:** Dr Chris McNeill

1:30 – 2:00 PM

Stability and Surface Reconstruction of Bi2Se3 on Exposure to Atmosphere

Speaker
Dr Mark Edmonds

2:00 – 2:20 PM

Morphological investigations of naphthalene diimide derivatives

Speaker
Mr Adam Welford

2:20 – 2:40 PM

Probing Film Morphology and Surface Microstructure of Semiconducting Polymers with GIWAXS and NEXAFS

Speaker
Mr Masrur Morshed Nahid

Location
NCSS Seminar Room

2:40 – 3:00 PM

Characterisation of scale products formed on the heat-exchanger surfaces in the Bayer process

Speaker
Ms Lina Shi

Location
NCSS Seminar Room

3:00 PM
