Session Program

Nov 20 – 21, 2014

Australian Synchrotron
USER MEETING 2014
20 – 21 November
National Centre for Synchrotron Science

User Meeting 2014

Energy Materials

National Centre for Synchrotron Science
Australian Synchrotron 800 Blackburn Road Clayton VIC 3168

Fri, November 21

11:15 AM

Energy Materials

Session | **Location:** NCSS Seminar Room | **Convener:** Dr Justin Kimpton

11:15 – 11:45 AM

Quantitative analysis of spotty diffraction rings and application to corrosion studies of steel

Speaker
Dr Bridget Ingham

11:45 AM – 12:05 PM

Smart adsorbents for gas separation research at Australian Synchrotron

Speaker
Dr Qinfen Gu

12:05 – 12:25 PM

Mechanistic and structural investigation of Li_xMnO₂ cathodes during cycling in Li-ion batteries

Speaker
Mr Wesley Dose

12:25 – 12:45 PM

Using Flexible MOFs to Study Inorganic Reactivity

Speaker
Dr Chris Sumby

12:45 PM
