ACAS School for Accelerator Physics 2016

January 18, 2016 - January 29, 2016

Australian Synchrotron

School Programme

Introductory course in particle accelerators, optics theory and synchrotron radiation, electronic signal processing and feedback systems.

Learn how the Australian Synchrotron works for students, professionals and synchrotron users.

Lecturers

Jeff Corbett, SLAC
Toshiyuki Mitsuhashi, KEK
John Fox, Stanford University
Rick Pam, Stanford University
