

User Meeting 2018

Friday, 23 November 2018

Parallel Session 13: Technique Development 2 - Sponsored by The Future Industries Institute FII, University of South Australia - Oliphant Auditorium (13:15 - 14:30)

-Conveners: Marta Krasowska

time	[id] title	presenter
13:15	[110] A Novel Soft Contact Piezo-Controlled Liquid Cell for Probing Polymer Films under Confinement using Synchrotron FTIR Microspectroscopy	BEATTIE, David
13:45	[98] High-Resolution Macro ATR-FTIR Chemical Imaging Capability at Australian Synchrotron IR Beamline and Its Applications in Food Science	Dr VONGSVIVUT, Jitraporn (Pimm)
14:00	[97] Four-angle polarisation-resolved transmission FTIR mapping for materials orientation analysis	
14:15	[58] Periodic Density Functional Theory for the Prediction of Terahertz Spectra	ENNIS, Courtney
