Alarm History Service

Friday, 16 November 2018 11:05 (5 minutes)

An archiver for all the alarm messages generated by the new Kafka based phoebus alarm server.

The archived alarm history can be used to

- 1.) better configure the alarm server, by weeding out noisy alarms, etc.
- 2.) discover pattern and relations between systems and devices.

Primary authors: SHROFF, Kunal; SINSHEIMER, John (Brookhaven National Laboratory); SMITH, Evan; ASHWARYA, Tanvi

Presenter: SINSHEIMER, John (Brookhaven National Laboratory)

Session Classification: Lightning Talks
